Corporate Governance Statement

Addiko's Declaration of Commitment

Addiko Bank AG (hereafter called "Addiko" or "Bank") has decided to voluntarily commit to the applicable provisions of the Austrian Code of Corporate Governance ("Code", http://www.corporate-governance.at) although not being listed on a stock exchange. The voluntary commitment aims to increase transparency for our stakeholders.

The Code contains

- rules based on compulsory legal requirements (L rules)
- rules that should be complied with, where deviations must be explained and justified in order for the company's conduct to conform with the Code (C rules, comply or explain)
- and rules that are recommendations, where noncompliance must not be disclosed or justified (R rules).

Certain legal provisions only apply to companies that are listed on the Austrian stock exchange. For non-listed companies, these are to be interpreted as C rules.

Deviations from the Code

Addiko observes most of the rules. Individual deviations are due to the Bank only having one shareholder and not being listed on a stock exchange (i.e. L4-6, L29, C30, C31, C34, C43, C61, C62, C64, L65 and C74).:

<u>Independence of the members of the Supervisory Board</u> [C-53, C-54]

According to Annex 1 of the Austrian Code of Corporate Governance ("Guidelines for Independence"), a member of the Supervisory Board shall be deemed independent if said member does not have any business or personal relations with the Company or its Managing Board that constitute a material conflict of interests and is therefore suited to influence the behaviour of the member.

The Supervisory Board shall also follow the guidelines below when defining the criteria for the assessment of the independence of a member of the Supervisory Board:

- The Supervisory Board member shall not have served as a member of the Management Board or as a management level employee of the Company or one of its subsidiaries in the past five years.
- The Supervisory Board member shall not maintain or have maintained in the past year any business relations with the company or one of its subsidiaries to an extent of significance for the member of the Supervisory Board. This shall also apply to relationships with companies in which a member of the Supervisory Board has a considerable economic interest, but not for exercising functions in the bodies of the group. The approval of individual transactions by the Supervisory Board pursuant to L-Rule 48¹ does not automatically mean the person is qualified as not independent.
- The Supervisory Board member shall not have acted as auditor of the company or owned a share in the auditing company or worked there as an employee in the past three years.
- The Supervisory Board member shall not be a member of the management board of another company in which a member of the Management Board of the company is a Supervisory Board member.
- A Supervisory Board member may not remain on the Supervisory Board for more than 15 years. This shall not apply to Supervisory Board members who are shareholders with a direct investment in the company or who represent the interests of such a shareholder.
- The Supervisory Board member shall not be a closely related (direct offspring, spouses, life partners, parents, uncles, aunts, sisters, nieces, nephews) of a member of the Management Board or of persons having one of the aforementioned relations.

In the case of companies with a free float of more than 20%, the members of the Supervisory Board elected by the General Assembly or delegated by shareholders in accordance with the articles of incorporation shall include at least one independent member pursuant to C-Rule 54 who is not a shareholder with a stake of more than 10% or who represents such a shareholder's interests. Since none of Addiko's shares are in free float, this rule does not apply.

According to their own accounts, all members of the Supervisory Board duly elected by the General Assembly are regarded as independent.

¹ L-Rule 48: The conclusion of contracts with members of the supervisory board in which such members are committed to the performance of a service outside of their activities on the supervisory board for the company or a subsidiary for a remuneration not of minor value shall require the consent of the supervisory board. This shall also apply to contracts with companies in which a member of the supervisory board has a considerable economic interest.
